With almost 3,000 square feet, 4 bedrooms and three baths, you will have plenty of space to spread out. All four bedrooms are upstairs, including a huge master suite with 5 piece bath and walk-in-closet. The upstairs also boasts a spacious loft, great for a kids play area or home office.

Everything is updated in this home, just move in your furniture, relax and enjoy! Brilliant flooring throughout includes new carpet upstairs, beautiful Brazilian cherry wood floors on the main level, a new tile entryway, and new contemporary kitchen laminate flooring! A new 30 year roof was installed in 2009. Beautiful updated lighting, a sprinkler system, ceiling fans in every bedroom, and an unfinished basement for storage are just a few more perks this home offers. Mountain views, an extended lot with a new privacy fence, and a neighborhood park next door make this the best lot in the subdivision. The kitchen appliances were replaced in 2007 and all appliances are included, even front load washer and dryer! Hurry, this gem won't last long!
